PAST PERFORMANCE

Client	Scope of Work
Quality Roots	Provided full-service SMS marketing including campaign strategy, subscriber list growth, and targeted promotional text campaigns to drive repeat customer visits and revenue.
Uncle Herb's	Delivered SMS marketing services and designed a custom loyalty program to increase customer retention, reward repeat purchases, and reduce churn through automated engagement workflows.
PawTree	Engineered a custom POS system integration enabling real-time behavioral triggers — allowing the client to automatically send personalized text messages based on live customer purchase activity.

Stemless helps organizations grow customer loyalty and drive repeat revenue through targeted marketing strategies — simple to launch, powerful at scale.
